doors open at 7.30pm

About the film "In Transition"...

The issue of climate change can no longer be ignored. But with so much of our media portraying what lies ahead as a bleak, depressing "doomsday" filled with global chaos, it is all too easy for us to become overwhelmed, depressed and passive, at the very point in history the Earth needs us more than ever.

"In Transition" is an uplifting rebuttal to the sense of hopelessness and helplessness many feel when they think about the challenges of climate change. The film offers a healthy dose of inspiration about what communities of people just like you are doing all across the globe to make the transition towards a sustainable, resilient and vibrant society, to restore our balance and harmony with the Earth.

PLUS... Talks from the "Zero Carbon Caravan"

A troop of people are cycling and sailing from Wales to Copenhagen on their way to what has been dubbed "the most important meeting of our time" and "our last chance". Be a part of the discussions and their journey, meet and support Chris Keene from the cycling troop.

Event is FREE and open to all, but we welcome your donations to help cover the cost of the room hire. Thanks!

What is the "Transition Network"?

The challenges of climate change and peak oil demand local action on a truly planetary scale. Residents, business people and politicians from across the globe are joining together in thousands of community groups, creating positive change and transforming their neighbourhoods, respecting local food, local crafts and history. Come and find out about some inspirational examples and help answer the most pressing question of our time.

Can Bedford make the transition to a sustainable and vibrant community?
